

Sinaya – Life against fate

One day, in darkness
No way, replies at time
Makes, some people
Commit, commit mistakes

One must, intervention of the devil
There's nothing you can do, to save yourself
As the rain falls, and you look to the sky
All you can see, is the broken fate

Life against fate, Life against fate, Life against fate

One day, in darkness
No way, replies at time
Makes, some people
Commit, commit mistakes

Will you give up?
Will you resist?
This is the test
and this is your fear

Break mind
Confusion all time
Break mind
Confusion all time

One day, in darkness
No way, replies at time
Makes, some people
Commit, commit mistakes

Will you give up?
Will you resist?
This is the test
and this is your fear

Go!

One day, in darkness
No way, replies at time
Makes, some people
Commit
Life against Fate
