

Sinaya – Riddle Of Death

The people seeking salvation
In the end, nobody knows for whom fight
Nobody knows if lives for, what is right

Where is your god?
Reality that is you expect
Where is your god?
Fuck your god

Ways flawed, lonely people
The seeking to live for
A beautiful story of death
They left you alone in the vast world
And they said there is a solution for you

Where is your god?
Reality that is you expect
Where is your god?
Fuck your god
